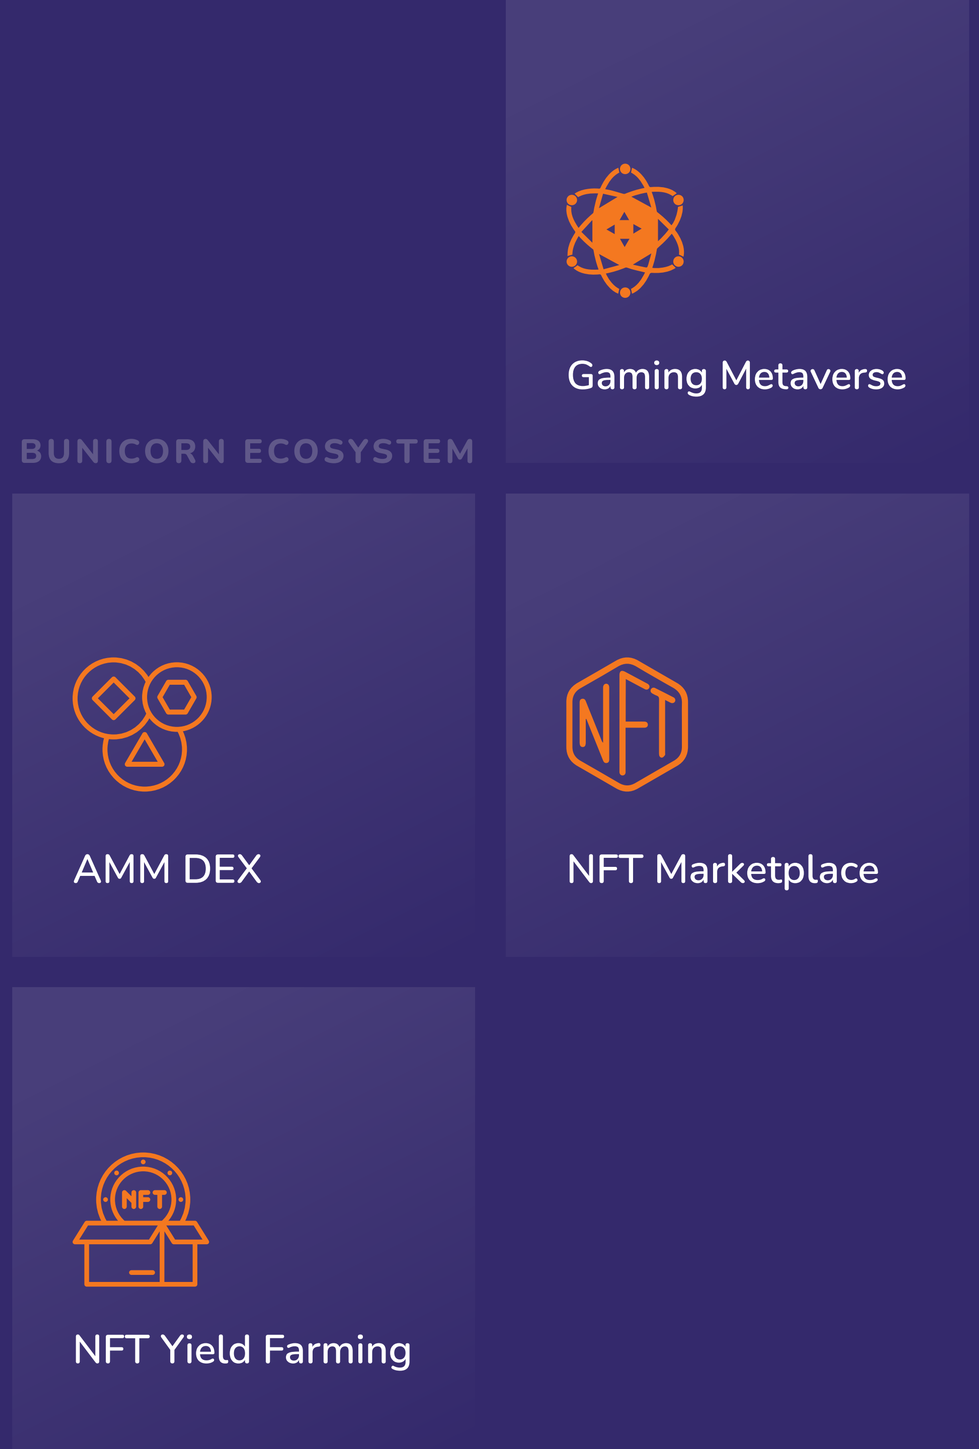
1. Bunicorn Ecosystem Introduction

Bunicorn is an intense GameFi platform that elevates DEFI and blockchain gaming experience to the next level.



1. Bunicorn AMM DEX

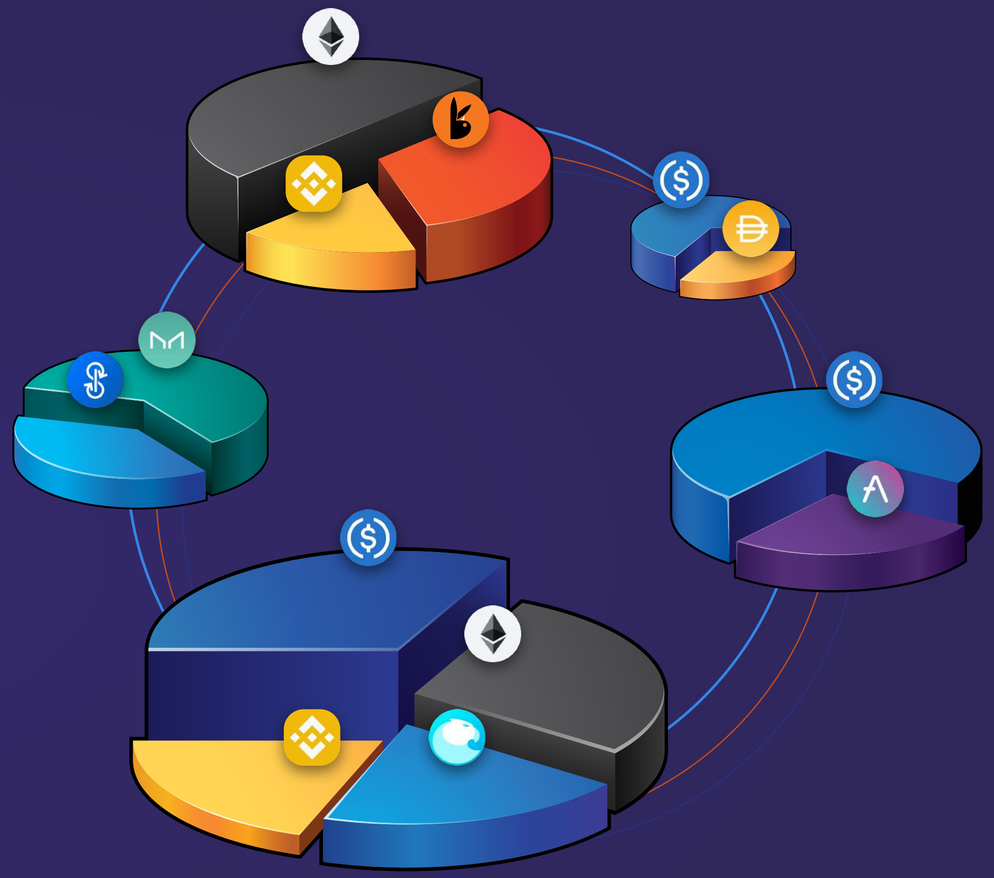
Unified AMM that works for both tokens and stablecoins

Super low slippage & dynamic fee for swapping stable coins

Generalized AMM pool with up to 8 tokens, any weights

Smart order routing to automatically split your trade across multiple pools for optimized price

Dynamic fees to optimize returns for liquidity providers and reduce the impact of impermanent loss



1 Month TVL: $26M

DOWNLOAD DEX WHITEPAPER

1. NFT Yield Farming: Liquidity Mining With Low Inflation

Stake LP tokens to receive exclusive time-locked NFTs

REWARDS ARE VESTED

Add liquidity to AMM pools

Get LP tokens

Add LP tokens to farms

AFTER A PERIOD OF TIME

Redeem NFT for real BUNI

Get vesting BUNI packed in an NFT token

High APR farms

Turning vesting rewards into NFT collectibles that potentially become ingame items or unique NFT tokens

Become Our Loyal Shareholders

Stake NFTs to earn game's revenue

Join Bunicorn NFT farming pools

Get NFT collectibles

Stake NFTs into NFT Staking Pools

Get a share of Bunicorn games' revenue

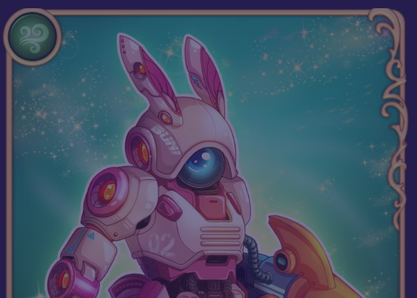
1. Bunicorn Gaming Metaverse

Our vision is to give gamers complete control of their digital assets in a series of interconnected games within **the Metaverse, making Play to Earn to be a fulltime job**

Together with Defi products such as AMM, NFT Yeild Farm, Universal Marketplace to connect with other games, Bunicorn will truly be a dreamland for gamers and blockchain adopters.

1. Bunicorn Card Game

Bunicorn Card Game is **the 1st game in the Bunicorn Universe**. Conceptually inspired by Pokémon, the game will also focus on the Play-to-Earn tokenomic that nurtures sustainable growth.



GAME TRAILER:
https://youtu.be/d374HqfU4xA

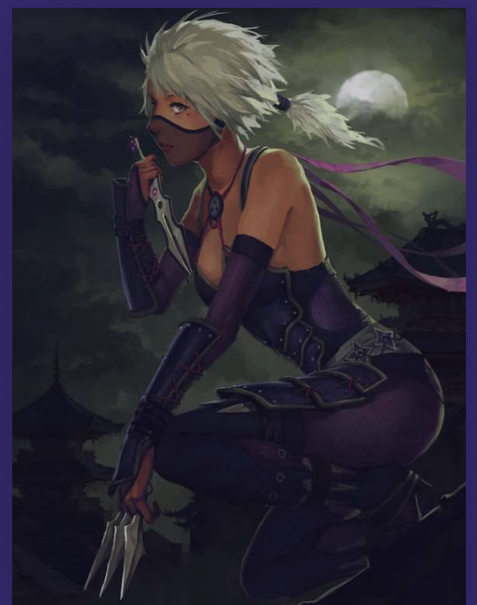
1. Bunicorn Mobile Game

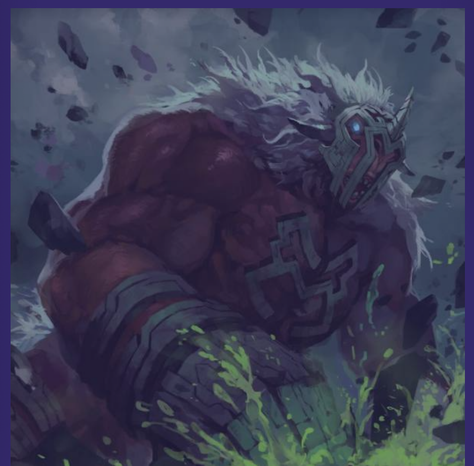
Comprehensive mobile game that focuses on visual effects and complex game-play including PvE, PvP, Raid Bosses.

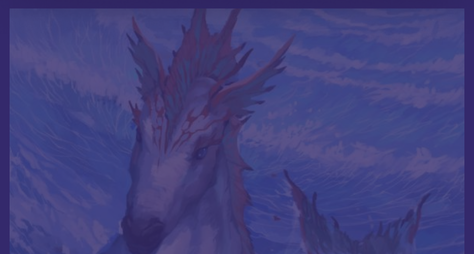
This game will open a **metaverse of Characters, Lands, Spaceship, Towers ., etc** while using the same tokenomic discovered in the previous game.

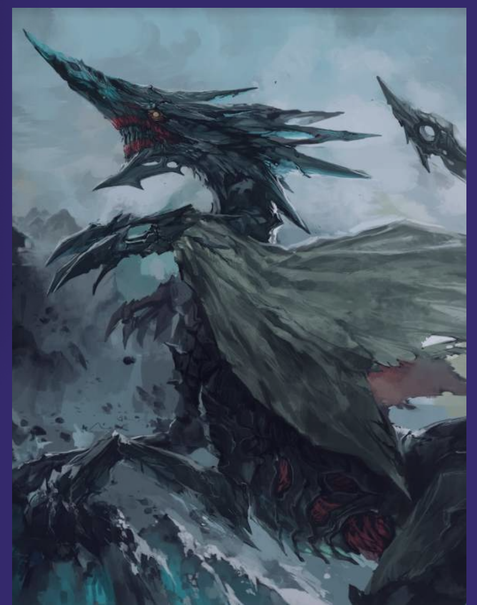
1. Bunicorn NFT Marketplace

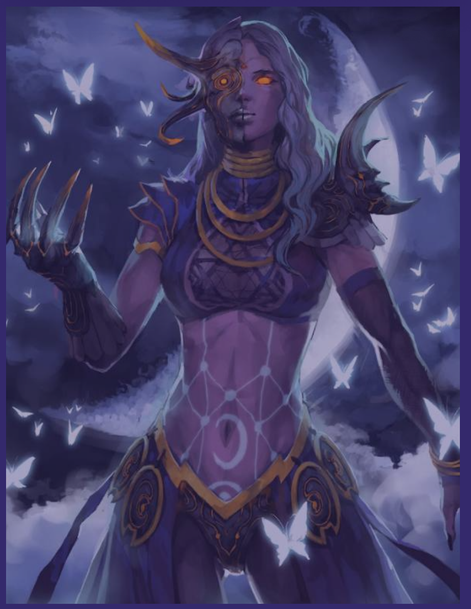
- The peer-to-peer marketplace for BSC-based NFTs gaming artworks and in-game items
- One portal to manage assets atop multi games
- Yield Guild / Scholarship
- Auction platform for rare items

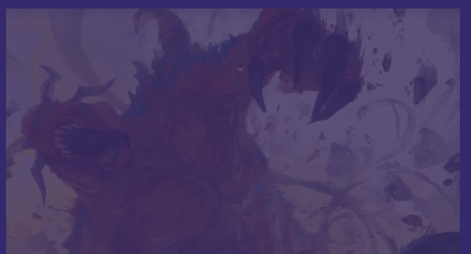












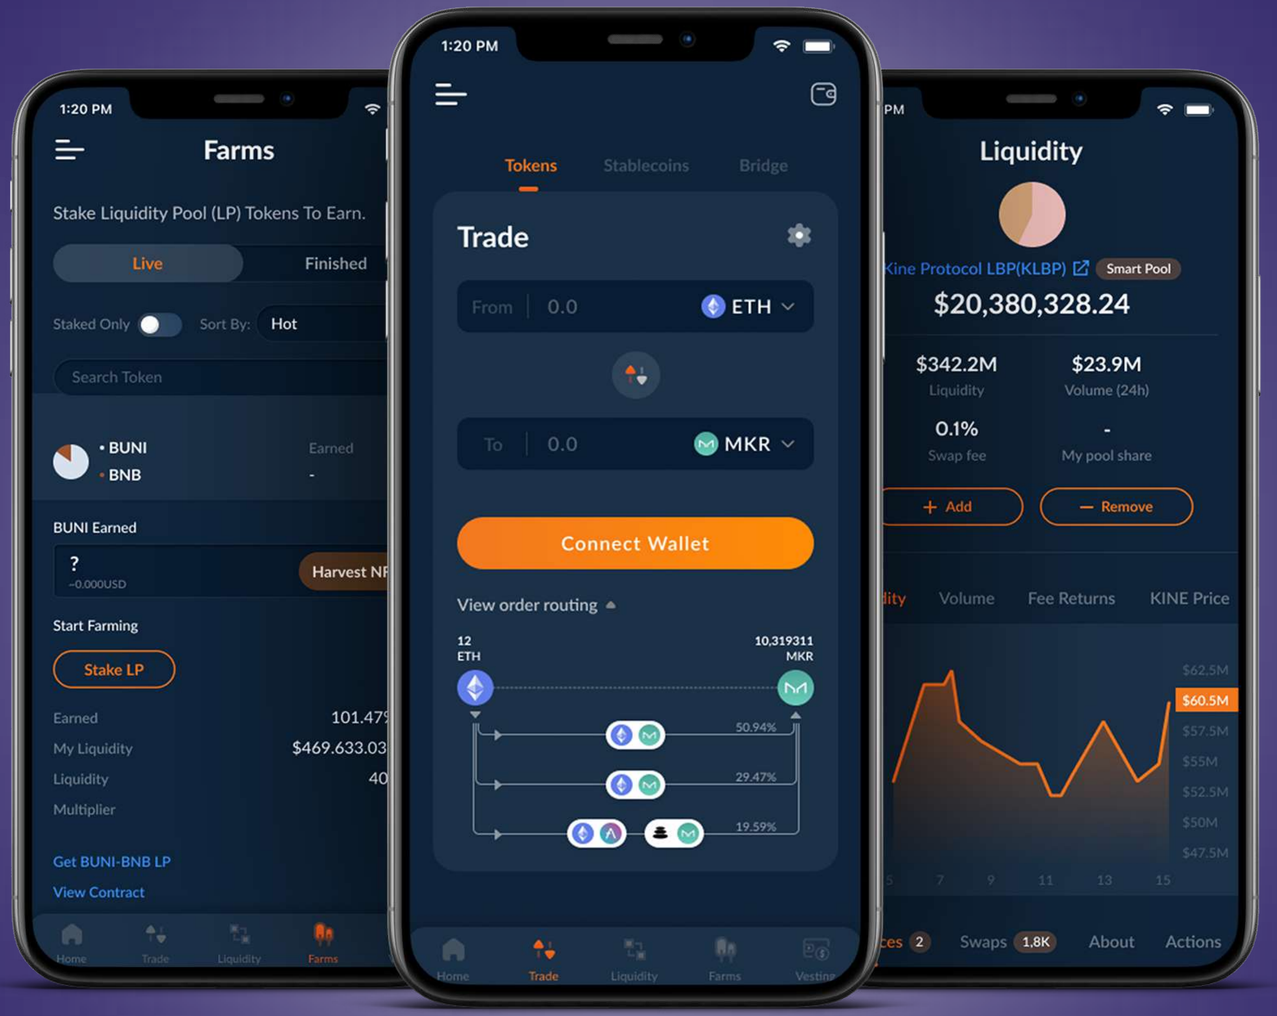
1. Almighty DEFI Mobile Dapp

PHASE 1

A mobile app to access Bunicorn Exchange. Testflight build is available.

PHASE 2

An app for users to manage their portfolio and access to other DEFI products such as **swapping, staking, mining liquidity**, aggregated with the best rates across different blockchains.



2. Security Audit

Bunicorn exchange passed 2 audits by Hacken.io, 1 audit by Certik. More audits are on-going.
